Ministry to the Sick and Homebound

The Sacrament of the Anointing of the Sick is available to be celebrated with anyone in need. Please do not wait until death is imminent to contact the parish regarding an ill family member. Eucharistic Ministers and others serve our community by visiting and bringing Communion to the sick and homebound. Please call the parish office if you wish such a visit.

God's Plan for Giving - Tithing

Tithing is God's plan to support His Church. Full tithing means 10% of gross income to God. We ask half of this, or 5%, for your parish Church. The other 5% goes to your favorite charities.

Today we celebrate World Marriage Sunday; a day to acknowledge the supreme importance of the loving relationship of two people who commit to sharing the journey of life.

In November 2009, the U.S. Catholic Bishops approved a pastoral letter called “Marriage: Love and Life in the Divine Plan”. The letter presents the essential points of Catholic teaching on marriage as a natural gift, as a sacrament, and as a public commitment. It also discusses several contemporary challenges to marriage and how the Church can help couples address these many challenges.

In a culture where half of all marriages end in divorce, it is important for us as a community of faith to acknowledge the many couples who have weathered the storms of life with their commitment made stronger by the journey they have shared. As we celebrate World Marriage Sunday, let us thank these special couples for their witness of faith in each other and in the God who has united them in the special bond of married love.

On Care for Our Common Home

(This is the third in a series of articles on Laudato Si')

Climate Crisis

We observe that there are drastic changes in our environment. According to a published report by NASA “Global climate change has already had observable effects on the environment. Glaciers have shrunk, ice on rivers and lakes is breaking up earlier, plant and animal ranges have shifted and trees are flowering sooner.

“Effects that scientists had predicted in the past would result from global climate change are now occurring: loss of sea ice, accelerated sea level rise and longer, more intense heat waves.”

Munich Re, the world’s largest reinsurance company, has warned that climate change could make coverage for ordinary people unaffordable after the firm blamed global warming for \$24 billion of losses in California’s recent wildfires.

In Laudato Si’, Pope Francis’ encyclical on the environment, he writes, “In 1971 Bl. Pope Paul VI referred to the ecological concern as ‘a tragic consequence’ of unchecked human activity: Due to an ill-considered exploitation of nature, humanity runs the risk of destroying it and becoming a victim of this degradation.”

In 1970 Pope Paul VI addressed the United Nations: “The progressive deterioration of that which has generally come to be called the environment, risks provoking a veritable ecological catastrophe. Already we see the pollution of the air we breathe, the water we drink. We see the pollution of rivers, lakes, even oceans - to the point of inspiring fear of a true biological death in the near future, if energetic measures are not immediately and courageously taken and rigorously put into practice. It is a formidable prospect which you must diligently explore in order to save from destruction the fruit of millions of years of natural and human selection. In brief, everything is bound up together. You must be attentive to the great consequences which follow on every intervention by man in the balance of nature, whose harmonious richness has been placed at his disposal in accordance with the living design of the Creator.”

Next week: Pope St. John Paul II addresses the necessity to protect the environment.

Helping women and children break the cycle of poverty since 1989

The Rev. Stephen A. Carey
Pastor
St. Mary's Church
280 Washington Avenue
Dumont, NJ 07628-2334

Dear Father Carey and Parishioners,

Thank you for choosing us as one of the organizations with which to share your holiday spirit and generosity. This holiday season was special because our community partners collaborated with us to ensure basic living essentials, as well as the traditional holiday gifts, would be available to all our families. Your donations allowed our families to celebrate the holiday season with peace of mind knowing that both their needs and children's desires were being met.

We are especially grateful for the coordination and outreach you did in this season of giving. Your donations of 241 gifts including toys, underwear, and clothes for all age groups as well as gift cards for The Nurturing Place's mothers ensured our families at York Street Project were made to feel special this holiday season.

The unconditional support from our community truly captures the spirit of giving. Since our organization began, our mission has been to weave innovative programs which provide an environment to shelter, feed, educate, and promote the healing of persons in need, especially women, children, and their families.

We are grateful to have friends like you and look forward to your continued involvement throughout the year. Many blessings to you for bringing joy and hope to our families at York Street Project.

Sincerely,

Victoria Hayes
Director of Education
